The staff and students at King George School would like to invite the media to join us to view eight amazing cultural experiences throughout the day on March 21, 2018, followed by an evening of cultural performances on March 22, 2018. During our evening performance, we have several special guests joining us including Allison Granger who is a Canadian Country Music Association award winner for fiddling. Pictures of our guest performers will take place around 6:30 p.m. with opportunities to take photos throughout the show.
