Re: Brandon School Division Launches Baragar School Locator Program

Brandon School Division is pleased to announce the launch of a new tool designed to assist our school families in finding their Catchment Area School.

[School Locator](#), created by Baragar Systems, instantly identifies a Catchment Area School when an address is entered into the web service. The system is designed for our school families and includes information such as: a school photo, a brief overview, a link to the school's website, and a link to Google Maps for walking and driving directions.

Click the "Find Your School" image below to check it out!
